

INVITATION

Allens > < Linklaters

3D printing in manufacturing

3D printing is transforming the manufacturing world and taking product development to a whole new dimension.

You are invited to join an industry event hosted by the Allens 3D printing team. This is an exclusive opportunity to hear first-hand from industry experts and regulators on how 3D printing is transforming the manufacturing world and what challenges and opportunities lie ahead.

Panellists will include:

- Daniel East, Director Lab22 at CSIRO
- Jeff Lang, CEO & CTO at Titomic
- Rick Macourt, Stakeholder Engagement Manager at Standards Australia
- Michael Fuller, Founder of Conflux Technology
- Sarah Ceravolo, Founder/Director at Convolo Design

There will also be an informal part of the session where you will have the chance to mingle with other industry players, from startups to established enterprises, research institutes, equipment suppliers and government representatives.

We look forward to seeing you.

date Friday, 23 March 2018
time 8.45am – registration
 9am – panel discussion and Q&A
 10am – morning tea and networking
 11am – event concludes
