Post: Level 2, Suite B, 70 Dorcas Street,
Southbank 3006
Phone: 03 9696 5190

Please join the Society of Automotive Engineers - Australasia in recognising the outstanding work that Australasian engineers have achieved over the past year. A three course dinner including beverages will be served during the evening. Our keynote presentation will be given by Dr. Alan Finkel.

Dr Finkel is a respected engineer, entrepreneur and philanthropist. He is the Chief Technology Officer of Better Place Australia and the Chancellor of Monash University. In 1983, Alan established Axon Instruments, a supplier of electronic and robotic instruments and software for use in cellular neuroscience, genomics and drug discovery. In 2000 Axon listed on the Australian Stock Exchange until it was acquired by the

US firm Molecular Devices Corporation in 2004. Post Axon, Alan co-founded COSMOS and G magazines to promote science awareness and sustainability; led the establishment of the Australian Course in Advanced Neuroscience; fostered initiatives to reinvigorate secondary school science education; and co-founded a company distributing educational toys and books for children.
