

## SAE-A Publications & Order Service E-Flyer

### Important Notice

Due to changes in the US exchange rate we must advise that it has been necessary to increase our prices for SAE-I and other international books. Please note that it has also been necessary for SAE-A to pass on a credit card surcharge fee of 2% on Mastercard / Visa and 3% AMEX to be added to your transaction paid with these credit cards..

### New Release

#### Forensic Biomechanics: Using Medical Records to Study Injury Mechanisms

Designed to help safety professionals in various disciplines learn how to read medical records, Forensic Biomechanics will reveal the types of information these records contain and the insight they can provide on critical issues such as restraint usage and deployment, injury mechanisms, severity and outcome, and the effects of prior medical conditions.

Case studies look at real-world examples of the use of medical records in situations involving factors such as pre-existing conditions and high-speed rear impact.

**List: \$184.80 (SAE-A Member \$166.30  
SAE Joint Member \$147.85) - Order No. R-379**

### Volume 1, Issue 1 February 2009

### Race Car Vehicle Dynamics

Truly comprehensive in its coverage of the fundamental concepts of vehicle dynamics and their application in a racing environment, this book has become the definitive reference on this topic. Although the primary focus is on the race car, the engineering fundamentals detailed are also applicable to passenger car design and engineering.

Chapters cover:

- The Problem Imposed by Racing
- Tire Behaviour
- Aerodynamic Fundamentals
- Vehicle Axis Systems
- And more

**List: \$184.80 (SAE-A Member \$166.30;  
SAE Joint Member \$147.85) - Order No. R-146**
