

ASSESSING ENGINEERS SECTION: TECHNICAL ACCIDENT INVESTIGATION & RECONSTRUCTION INTRODUCTION

Society of Automotive Engineers - Australasia invites you to attend a short presentation by Peter Bellion of the Victoria Police.

This presentation will focus on collision investigation procedures and the various levels involved in accident investigation.

These levels are:

Reporting

At Scene Investigation

Technical Preparation

Professional Reconstruction & Cause Analysis

Attendees will be introduced to each of these levels of collision investigation and how they apply to minor injury, major injury and fatal injury crashes in the State of Victoria. Examples of each of these levels will be shown.

A light supper will be served during the evening.

Please complete the attached registration form to confirm your attendance to this event.

Date: Thursday 11th March 2010

Time: 6.00pm - 9.00pm

Venue: William Angliss Institute of TAFE

Address: South Room
Please enter via 550 Little Lonsdale Street, Melbourne

RSVP: Thursday 4th March, 2010

MR. PETER BELLION

Peter has been employed by Victoria Police for 24 yrs and from 1990 has been attached to Accident Investigation Section and the Major Collision Investigation Unit. He holds the position of Collision Reconstruction Team Leader. Peter completed a Civil Engineering Degree prior to commencing work with Victoria Police.

Peter has lectured on Accident Investigation and Reconstruction to police, engineers, forensic scientists, physics students, emergency services personnel and other interested groups. He has trained in excess of 200 consulting engineers and police officers and provided technical expertise to the Victoria Police, VicRoads, TAC and the Parliamentary Road Safety Committee.

Peter has provided expert evidence in his field in Superior courts in Victoria, South Australia and Singapore.

Peter in recent times has been performing Senior Sergeant duties within the traffic and transit safety department of Victoria Police.
