

## Who's who in your Division

The structure of the SAE-A consists of a Board of Directors, salaried staff in the National Office, and Divisional Committees. Each operates on different levels to service the needs of the general membership.

The SAE-A Divisions are an active network of volunteer members in each State, who work tirelessly to deliver a range of regular events and networking activities for SAE-A members. A Divisional Charter has been ratified by the Board of Directors, clearly defining the roles of the Board, the National Office and the Divisions and signifying the importance of the Divisions to the delivery of benefits to members at the local level.

Below is a list of Divisional office bearers in each State. All members are encouraged to make contact with your local Division and to participate in the wide range of low-cost or free activities held by the Division throughout the year. You will be notified by the National Office via email or mail, in advance, of your State's activities as they are planned.

**Please note that all matters relating to membership applications and payments should be directed to the National Office, not to the Divisions.**
